

# SHREE GANESH METROLOGY

Measuring your success with technology!

## ABOUT US

Shree Ganesh Engineering Works is a technology enabled company based in the Manufacturing hub of Pune – Bhosari. We are a team of experienced professionals led by our passionate director, Mr. Sameer Kalaskar. Our company provides endless range of solutions in measuring and metrology machines and equipment.

## MISSION

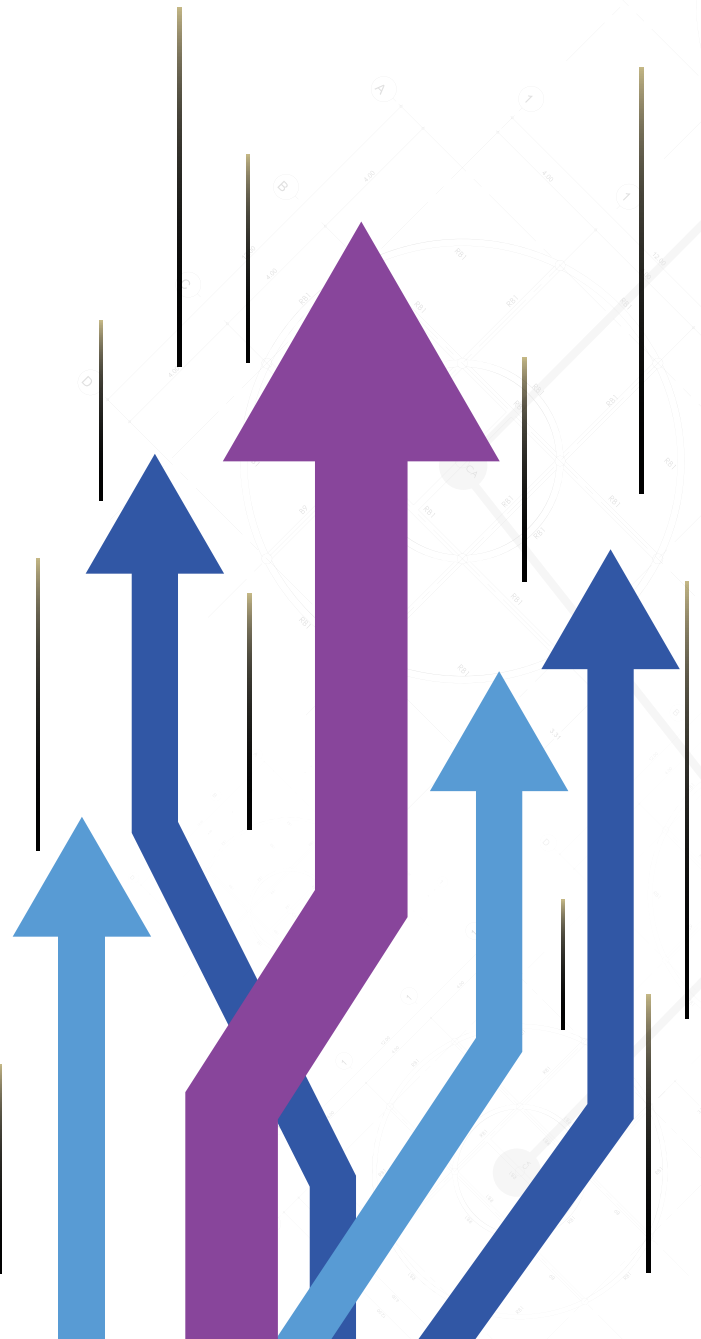

As a company SGEW aims to become the top most metrology solutions supplier in the nation with a product portfolio ranging from machines, spares, equipment and services.

## VISSION

SGEW has a vision to enhance and empower the engineering industry in India with technological advancements and well executed operations to amplify the experience of manufacturing.
